2022 - 2023

FACULTY OF MEDICINE, SCHOOL OF HEALTH SCIENCES, UNIVERSITY OF THESSALY
DEPARTMENT OF VASCULAR SURGERY
Chairman: Professor Athanasios D. Giannoukas

It is a great honor and pleasure to present the postgraduate educational and clinical programme for the academic year 2022-23 of the Department of Vascular Surgery at the University Hospital of Larissa, Greece to you.

From the first year of its operation in the academic year 2006-2007, we started a training program for Vascular Residents and Surgeons as well as other specialties involved in the management of vascular diseases. Our aim is not only the continuing medical education about all the news in the field of Vascular and Endovascular Surgery but also the monthly evaluation of our clinical service by discussing the interesting cases and morbidity and mortality audit. In addition, one of our goals is to promote the critical thinking of young surgeons through the journal club session on the cutting-edge scientific articles from respected international journals. Education includes also training in the non-invasive diagnosis of vascular diseases with emphasis on ultrasound examination. Furthermore, the progress of research activity among our staff and PhD candidates is monitored.

For the academic year 2022-2023, distinguished vascular surgeons from various universities from abroad were selected as guest speakers to present clinical and research topics of interest with which they have dealt extensively. I express my gratitude for their warm acceptance to participate in the postgraduate programme of the Department of Vascular Surgery at the University Hospital of Larissa.

I hope that the quality of the postgraduate programme of our Department meets the high quality educational standards and promotes the critical thinking and innovation in our daily clinical practice.

Athanasios D. Giannoukas
Professor of Vascular Surgery, Faculty of Medicine, University of Thessaly
Chairman, Department of Vascular Surgery, University Hospital of Larissa, Greece

Professor M. Matsagkas
Clinical Coordinator

ACADEMIC STAFF

Athanasios Giannoukas, Professor
Miltiadis Matsagkas, Professor
Georgios Kouvelos, Assistant Professor

RESEARCH FELLOWS

Christos Baros

NHS CONSULTANTS

Aikaterini Drakou, Consultant A'
Nikolaos Rousas Consultant B'
Christos Karathanos, Consultant B'
Konstantinos Spanos, Consultant B'
Konstantinos Batzalexis

VASCULAR RESIDENTS

Alexandros Barbatis
Athanasios Chaidoulis
Konstantinos Dakis
Georgios Volakakis

HEAD NURSE

Elias Tsagalas

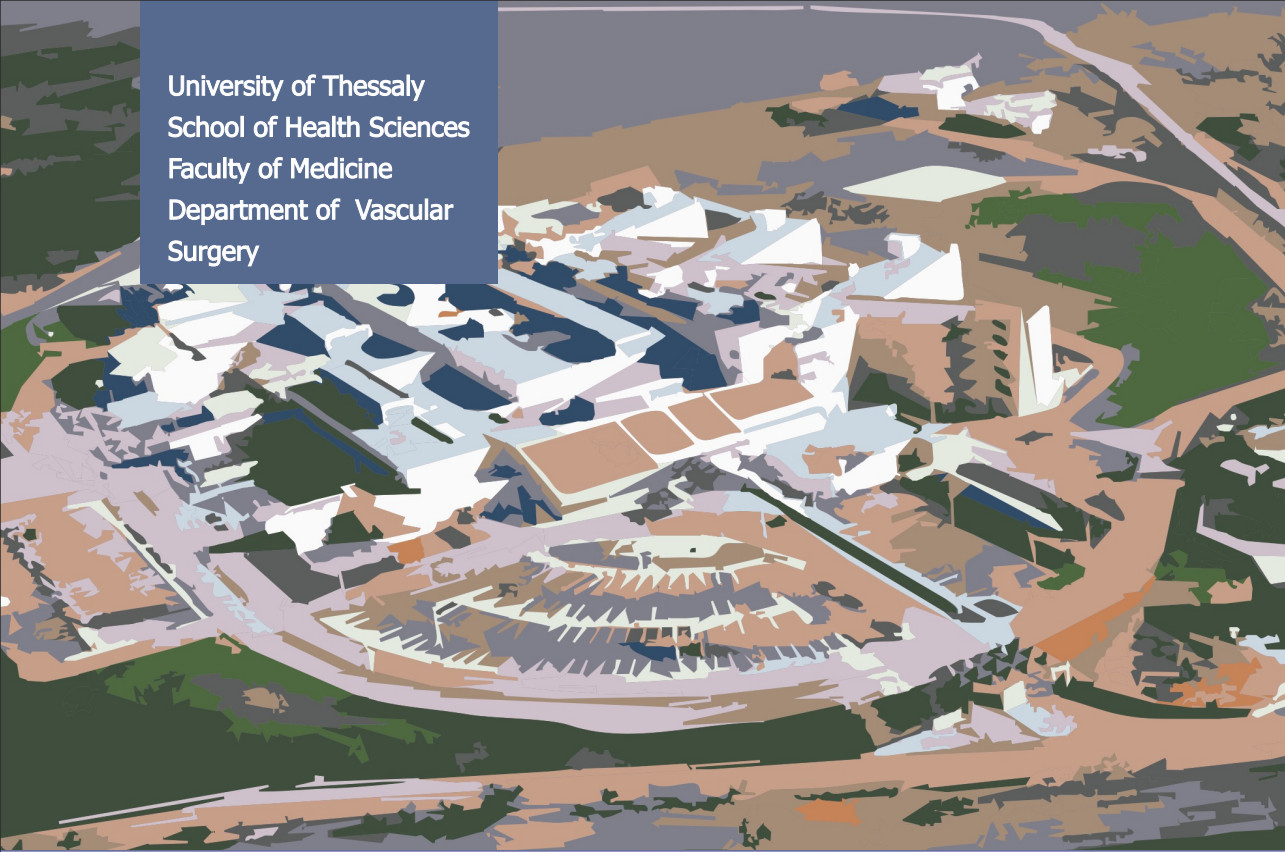

RESEARCH ADMINISTRATIVE OFFICERS

Eleni Vergou

MSc ADMINISTRATIVE OFFICERS

Elena Chatzinikou
Anna - Maria Zerva
Eleni Kletsou

On Saturdays, Sundays and holidays: ward-round at 09.30' and at 20.00' by the on-call Consultant Vascular Surgeon

Non-invasive diagnostic ultrasound unit: scheduled appointments every Tuesday & Friday, 10:00-13:00

ER surgery 08.00-15.00 (with local anesthesia) once every two weeks (with a program that is configured accordingly)

Vascular Access for Kidney Patients: 08.00-15.00 twice a month

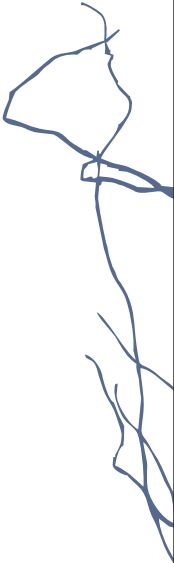

2022- 2023

POSTGRADUATE PROGRAMME 2022-2023

- On the 1st TUESDAY (14:30 - 16:00)
LITERATURE REVIEW (Coordinators: Assistant Professor G. Kouvelos - Consultant Ch. Karathanos - Residents)
Presentation of 2 selected articles that have been published in respected international scientific journals and are of general interest / presentations from Conferences

- On the 2nd TUESDAY (14:30 - 16:00)
Discussion on MORBIDITY - MORTALITY of the previous month (Coordinators: Consultant K. Spanos - Residents).
Monthly audit of the patients who were hospitalized or examined at the outpatient clinic is presented, as well as morbidity and mortality of the previous month.

INTERESTING CASE ANALYSIS with reference to international literature (Coordinators: Consultant K. Spanos - Residents)

POSTGRADUATE PROGRAMME 2022-2023

- On the 3rd TUESDAY (15:00–16:00)
PROGRESS ON RESEARCH ACTIVITIES & SCHEDULING (Coordinators: Professor A. Giannoukas - Professor M. Matsagkas)
Presentation of research activities by vascular residents or PhD candidates- Evaluation
- On the 3rd THURSDAY (15:00–16:00)
ONLINE INVITED SPEAKERS (Coordinators: Professor A. Giannoukas - Professor M. Matsagkas)
Lecture on Vascular and Endovascular Surgery by a guest speaker
- Every TUESDAY (14:30 - 15:00) case presentation for next week surgery scheduling
- Every FRIDAY (14: 00-14:30) Update on pharmaceutical products: presentation by pharmaceutical companies

ONLINE INVITED SPEAKERS 2022 - 2023

Lecture: The AORTIC TEAM: from the concept to the real application
Vincent Riambau
ESVS Past President, Professor and Chief of Vascular Surgery Division,
CardioVascular Institute, Hospital Clinic, University of Barcelona,
Barcelona, SPAIN

15:30 – 16:00

Thursday
27/10/22

Lecture: An overview on the outcomes of thermal and non-thermal
ablation techniques for the treatment of Varicose Veins
Dimitrios Kontothanassis
General and Vascular Surgeon, CEO Italian Institute of Phlebology,
National Councilor and Tutor of the Italian Society
for Vascular Investigations (SIDV)

15:30 – 16:00

Thursday
24/11/22

ONLINE INVITED SPEAKERS 2022 - 2023

Thursday
22/12/2022

15:30 – 16:00

Lecture: Diagnosis and treatment of prosthetic (endo)graft infections

Clark J. Zeebregts

Professor of Vascular Surgery

Head Division of Vascular Surgery (Department of Surgery)

University Medical Center Groningen, The Netherlands

16:00 – 16:30

Lecture: ESVS guidelines development in general and specifically about the 2023 ESVS carotid guideline

Gert Jan de Borst

Professor and Chair of Vascular Surgery, Director Research and Education,

Division Surgical Specialities

University Medical Centre Utrecht, Utrecht, The Netherlands

ONLINE INVITED SPEAKERS 2022 - 2023

Lecture: Aortic Neck dilatation after EVAR: Strategies to optimize long-term durability

Apostolos Tassiopoulos

Professor and Chair, Department of Surgery, Chief, Division of Vascular and Endovascular Surgery, Stony Brook Medicine, USA

15:30 – 16:00

Thursday
26/01/2023

Lecture: Intraoperative monitoring during CEA

Igor Koncar

Associate Professor, School of Medicine, University of Belgrade, Serbia

15:30 – 16:00

Thursday
23/02/2023

Lecture: Management of type B dissection

Kevin Mani

Professor of vascular surgery, Chief of division of vascular surgery, Uppsala university hospital, Uppsala, Sweden

15:30 – 16:00

Thursday
30/03/2023

ONLINE INVITED SPEAKERS 2022 - 2023

Thursday 27/04/2023	15:30 – 16:00		Lecture: PAD with examples for crossing and treating Eric Ducasse Professor, CHU de Bordeaux, Unit Chief of Vascular and general Surgery, University Hospital Pellegrin, Bordeaux, France
Thursday 25/05/2023	15:30 – 16:00		Lecture: Endovascular treatment of complex aortic disease with fenestrated and branched endograft. Giovanni Pratesi Professor of Vascular Surgery, Chief of Vascular and Endovascular Surgery Clinic, Ospedale Policlinico San Martino - HSM Director of Vascular Surgery Residency Program, Department of Integrated Surgical and Diagnostic Sciences - DISC University of Genoa School of Medicine, Genoa, Italy
Thursday 29/06/2023	15:30 – 16:00		Lecture: Innovation and Guidelines – Does the one exclude the other? Philippe Kolh Professor of Physiology and Biochemistry, Department of Biomedical and Preclinical Sciences, Faculty of Medicine, University of Liege, and CIO at the CHU of Liège, Belgium
