

Stands for 4 / 5 / 6 / 9 / 12 kg/l devices

accessories

**Stable  
&  
elegant!**

**Extinguisher stands – racks made of high quality, powder coated steel and/or plastic, ideal for offices and hotels requiring prestigious appearance.**

Durable, aesthetic and cost-effective way of keeping fire extinguishers safe. Essential for standing extinguishers where wall mounting is not easy or not recommended. It doesn't require fixing, just leave it free standing.

**Areas of use:**

- Hotel loggias,
- Museums,
- Appartaments,
- Offices,
- Living spaces.

**"Design" stands** - with a round, plastic foot. For portable fire extinguishers with a capacity of 4/6/9/12 kg/l. Also suitable for 5 kg CO2 devices (only made of aluminium). Black RAL 9005 high-quality paint. Featuring the option of mounting to the substrate.

construction. Ideal for architecturally sensitive and design led interiors.

**Metal stand for extinguishers** - with a rectangular foot. Lightweight, tubular structure. Strong, single-piece frame

**Stand with logo** - with GLORIA logo cutted in metal. Strong construction made of thick metal sheet and 25x25 mm profile, black powder coating.

These racks have a beautiful, timeless design, features variable height of placing the fire extinguishers and provides good stability.
